A4. No Legal Partnership

The Recipient undertakes the Project on its own behalf and not on behalf of the Centre, and this Agreement and the Centre Funds flowing there from shall in no way be construed as creating the relationship of principal and agent, of partnership in law; or of joint venture as between the Centre and the Recipient or any other person involved in the Project.

A5. Limitation of Liability

The Centre assumes no liability with respect to any accident to any person or any loss or damage to any person or Property arising from the Project.

 - her/his right to abstain from participation in the research and her/his right to terminate at any time her/his participation; and
 - the confidential nature of her/his replies and any limits on such confidentiality.
- b) No individual shall become a Subject of Research unless s/he is given the notice referred to in the preceding paragraph and provides a freely given consent that s/he agrees to participate. No pressure or inducement of any kind shall be applied to encourage an individual to become a Subject of Research.

Likewise, at the conclusion of the Project any information that reveals the identity of individuals who were Subjects of Research shall be destroyed unless the individual concerned has consented otherwise in writing.

General Terms and Conditions of the Grant Agreement

- ii) that effective treatment is provided to those Subjects of Research who react adversely to any aspect of the experimental procedure to which they have been subjected.
- d) The Recipient shall take all reasonable steps to ensure:
 - i) that Subjects of Research who are discovered to have health problems as a result of the research are referred to appropriate support and health care services consistent with national health care standards in the country in which they are resident; and
 - ii) that beneficial interventions or products developed as a result of research undertaken in the course of the Project are made available to Subjects of Research who were involved in the Project and who may benefit from them.

A7.3. Medical Treatments

The Centre does not support Projects promoting or resulting in the promotion of medical treatments that are not sanctioned as safe and efficacious in accordance with recognized national and international standards. The Recipient will not, during the course of this Project or through activities arising from it, recommend the use of medical treatments that do not meet these standards.

- c) The environment in which the animals are kept is reasonably comfortable and constant;
- d) Reasonable amounts of food and water are provided to the animals;
- e) Reasonable veterinary care is provided to the animals;

resources. Recipients involved in any project that may entail the use or dissemination of knowledge, including traditional knowledge, to which a person or group of persons may claim moral or legal rights, will not take steps that would prejudice such claims or diminish their value. In particular, the Recipient will not profit or act in such a way as to facilitate profit by third parties through the commercialization or dissemination of such knowledge without the concurrence of the Centre. Where the use or dissemination of such knowledge is envisioned, the Recipient will ensure that the moral or legal rights of any potential claimants are respected, through consultation with them and compensation to them where available. This section will survive beyond the Contract Completion Date.

A8. Goods, Vehicles, and Equipment

A8.1. Procurement

The Recipient shall ensure that all procurement orders valued over 5,000 CAD are conducted on a competitive basis, locally or internationally as appropriate.

When a Recipient purchases goods, vehicles, or equipment on behalf of a Collaborating Institution, it shall arrange for their delivery to the Collaborating Institution. The Recipient shall arrange for the goods, vehicles, or equipment to be adequately insured during shipment and undertakes that such coverage shall remain valid until the Collaborating Institution takes delivery of them.

The Centre assumes no responsibility in the event of loss or damage to such goods, vehicles, or equipment.

A8.2. Importation

The Recipient, if taking delivery of goods, vehicles or equipment purchased with Centre Funds for the Project, whether purchased by the Recipient, by a Collaborating Institution, or by the Centre, is solely responsible for undertaking all formalities and other administrative arrangements necessary for importing the goods, vehicles or equipment into the country or jurisdiction in which the Work will take place.

It is the Centre's policy that it will not, in the ordinary course of business, purchase from or pay suppliers directly for goods, vehicles or equipment for the benefit of Centre grant recipients.

The Recipient shall not use Centre Funds for the direct payment of any customs, import, or other duties or taxes levied with respect to importation of goods, vehicles or equipment into any country or jurisdiction.

A8.3. Ownership and Insurance of Goods, Vehicles and Equipment

All goods, vehicles, or equipment purchased with Centre Funds, whether procured by the Recipient, a Collaborating Institution, or the Centre, shall be regarded, at the time of delivery,

as Property belonging to the recipient receiving the goods, vehicles or equipment. The recipient receiving goods, vehicles and equipment purchased with Centre Funds, shall insure any goods, vehicles, or equipment purchased with Centre Funds and assumes any and all liability relating to its failure or inability to secure insurance coverage. Under no circumstances will the Centre assume responsibility in the event of loss or damage to any goods, vehicles or equipment purchased with Centre Funds.

A8.4. Vehicle and Equipment Safety

The Recipient shall ensure that any equipment or vehicle provided through this Agreement or purchased with Centre Funds is used with the required safety precautions so that risks to the physical safety of individuals are minimized.

A8.5. Use of Vehicles Purchased

The Recipient shall ensure that any vehicle purchased with Centre Funds shall be used exclusively for carrying out the objectives of the Project and only made available to personnel working on the Project for their official use. A suitable logbook shall be maintained to record vehicle use, and the Centre reserves the right to examine this travel logbook.

A8.6. Sale, Cession, or Disposal of Equipment, Vehicles or Goods

During the course of the Project, no goods, vehicles, or equipment purchased with Centre Funds shall be sold, ceded, or otherwise disposed of without the prior written approval of the Centre.

Open access publication of Grey Literature

The Centre maintains the IDRC Digital Library (IDL), an open access repository for Grey Literature. The Recipient must submit to the Centre, in accordance with the IDRC Connect User Guide, Grey Literature in electronic form, for publication in the IDL on an Open Access basis.

The Centre reserves the right to remove any material from the IDL without notice.

A9.2. Warranties

The Recipient confirms and warrants to the best of its knowledge that:

- b) The Project Outputs will not violate or infringe any existing intellectual property rights or any other third party rights, nor will the publication of the Project Outputs in the IDL by the Centre;
- c) It will be either the sole owner of the Project Outputs or has obtained or will obtain the necessary consents to allow the Centre and other publishers to disseminate the Project Outputs as outlined in this Agreement;
- d) There are no claims or legal proceedings pending or threatened, the outcome of which could adversely affect the rights given under Section A9;

Part 2

General Terms and Conditions of the Grant Agreement

- e) There are no agreements of any nature in favour of anyone that could interfere with the rights granted under Section A9; and
- f) The Project Outputs contain nothing that is unlawful, libellous, defamatory or which would, if published, constitute a breach of contract, privacy or of confidence.

A9.3. Indemnification

The Recipient shall indemnify and hold the Centre harmless against any claims, actions, losses, damages arising out of a violation, breach of section A9.2 (Warranties) of this Agreement or an infringement of Intellectual Property rights committed in the course of or in relation to the Project, to the extent of its liability or that of its employees, Subcontractors and Sub-recipients.

A10. Intellectual Property Rights

The Recipient shall respect Intellectual Property rights and shall ensure that its employees and its Subcontractors, and its Sub-recipients respect Intellectual Property rights.

A10.1. Project Inventions, Intellectual Property and Computer Programs

A10.1.1. Notice Obligations

The Recipient shall promptly notify the Centre of:

- a) any and all Project Inventions; and
- b) computer software, its documentation, or other related material (“Computer Programs”) it, its employees, Subcontractors or Sub-recipients intend to develop or adapt in the course of the Project, with full information as to content and authorship, where possible.

A10.1.2. Limitations

The Recipient shall ensure that the rights in the Project Inventions are neither licensed, nor assigned by the Recipient, its employees, Subcontractors or Sub-recipients without the express written consent of the Centre, which consent may be conditional on specific terms, as deemed appropriate by the Centre.

The Recipient shall ensure that no patent application in relation to the Project Inventions is filed without the Centre's express written consent, which consent may be conditional on specific terms, as deemed appropriate by the Centre.

A10.1.3. Open Source Software

The Recipient shall make the Computer Programs it develops in the course of the Project available open source, on terms and conditions to be agreed upon between the parties, acting

Part 2
General Terms and Conditions of the Grant Agreement

reasonably. The Recipient shall ensure that Computer Programs are not otherwise assigned or licensed without the express written consent of the Centre.

A10.1.4. Intellectual Property Rights Agreement

When it is deemed likely that a Project Invention may be created, the Recipient shall be required to conclude an Intellectual Property Rights Agreement with the Centre in relation to the Intellectual Property right considerations that might flow from the creation of such Project Inventions, the timing for which shall be set out in Part 3 – Schedule of Project Milestones. Such Intellectual Property Rights Agreement shall be incorporated by reference herein and appended as an amendment to this Agreement.

A10.2. Availability of Germplasm

Subject only to relevant quarantine regulations, the Recipient shall make available to the Centre or any institution conducting research in the same area of research as that described in the Project which so requests it any improved germplasm that has been developed in whole or in part as a result of the Project.

A11. Disclaimers and duty to acknowledge

A11.1. Disclaimers

The Recipient shall ensure that the following wording is inserted in any Project Outputs, publication or other results of the Project which reference the Centre's financial support:

"The views expressed herein do not necessarily represent those of IDRC or its Board of Governors."

The parties will jointly identify any additional required disclaimers and agree on the wording of such disclaimers.

A11.2. Duty to Acknowledge

The Recipient will recognize the support of the Centre by including in all publications the following acknowledgement:

"This work was supported by the Global Partnership for Education Knowledge and Innovation Exchange, a joint endeavour with the International Development Research Centre, Canada."

A12. Appearances in Recordings

To the extent that identifiable individuals are asked to appear in, or information is collected about identifiable individuals that will be included in, any photographs, videos, audio-visual recordings, or

Part 2

General Terms and Conditions of the Grant Agreement

recordings in any media now known or later developed (collectively, the “Recordings”), the Recipient shall ensure the following steps are taken in securing the participation of these individuals:

1. the individuals are informed of the purpose(s) and intended use(s) of the Recordings;
2. the free, explicit, and informed consent of the individuals is obtained, without pressure or inducement, for participation in the Recordings; and
3. where children are involved, (a) the children’s parents or guardians are informed of the purpose(s) and intended use(s) of the Recordings, and (b) the free, explicit, and informed consent of the children’s parents or guardians is obtained, without pressure or inducement, for the participation of the children in the Recordings.

A13. Project Budget

Centre Funds shall be used exclusively for the budgetary purposes set forth in Part 4 - Project Budget. Unless specifically indicated in this Agreement, all budget line items shall be considered as upper-limit estimates against which actual and reasonable costs are reported (see Section A15 on matters related to reporting).

The Recipient shall contact the Centre and obtain its written consent before making any substantial changes in the budgetary allocations. The budget will be reviewed in accordance with the Schedule of Project Milestones (Part 3) during the Grant Duration through the provision of annual disbursement forecasts (see Section A15).

A14. Grant Administration

The Centre will make payments to the Recipient according to the schedule set forth in Part 3 - Schedule of Project Milestones, which forms an integral part of this Agreement. The Recipient agrees that the payment of any Centre Funds under this Agreement is subject to its compliance with the conditions set out in this Agreement, including all attachments, as may be amended from time to time by the parties.

A14.1. Interest Earnings

Any interest earned while Centre Funds are in deposit at the Recipient’s bank, whether in a separate Project account or in a general account, shall be fully credited by the Recipient to the Project and reported as earnings on Project financial reports (Section A15).

Such Project earnings shall be applied to the Project. Where they are not applied to the Project, the Project Budget (per Part 4 - Project Budget) will be reduced by an amount equivalent to the earnings.

A14.2. Working Currency

Part 2

General Terms and Conditions of the Grant Agreement

The working currency of the Recipient is the currency of the Project Budget in Part 4 - Project Budget. Notwithstanding the working currency of the Recipient, the Centre limits its liability to the Canadian currency value stated in this Agreement.

A15. Payments and Financial Reports

A15.1. Requests for Payment

All payments to the Recipient, except the final payment, shall be considered advances until the Project Milestones, as set forth in Part 3 - Schedule of Project Milestones, are satisfactorily achieved and a financial report of actual expenses incurred against the payment is accepted by the Centre.

The submission of a financial report (including the financial forecast) will serve as a request.

A15.2. Submission and Format of Interim Financial Reports

Financial reports shall be prepared in a format similar to that of the Project Budget (Part 4 - Project Budget). Financial reports shall also be signed by the Project Leader of the Recipient institution and an authorized financial officer of the same institution. The report will include:

- a) a certification, in the working currency of the Recipient, of the amount of Centre Funds expended and accrued on the Project to the report date;
- b) any indirect costs, as a percentage of actual expenditures;
- c) an explanation of variances (10% or more) on Centre funds expended as compared to the period's forecast;
- d) a certification of the amount received in the working currency after the actual bank conversion of the Centre payment;
- e) a certification of the amount of interest earned as per Section A15, in the working currency;

- g) a forecast of expenditures, in the working currency, for the following payment period.

The Recipient shall submit its reports to the Centre contact designated in Section 4.1, in accordance with Part 3 - Schedule of Project Milestones.

A15.3. Review and Acceptance

Within 20 calendar days of receipt of a report, the Centre shall notify the Recipient, in writing, of any errors, omissions or clarification required in the report, in which case any outstanding payment will be withheld until the report is deemed acceptable.

Notwithstanding Part 4 - Project Budget, the financial forecast submitted by the Recipient and an analysis by the Centre of the accounted expenditures will serve as basis for establishing the

Part 2

General Terms and Conditions of the Grant Agreement

cash flow needs for the period or Milestones covered by the next payment and, consequently, the amount of the payment itself.

A15.4. Payment

15.4.1 Dependency on Milestone or Technical Report

Release of any payments is contingent upon the acceptance by the Centre's contact (see Section 4.1) of Part 3 – Schedule of Project Milestones achieved as at the date of the financial report.

The Centre reserves the right to increase or decrease the number and frequency of payments.

15.4.2 Payment to Recipients

Payment to Recipients will be made by bank transfer according to information provided by the Recipient in the Supplier, [Supplier, Tax and Bank Information Form](#). To avoid any delays in payment, Recipients shall be responsible to inform the Centre of any changes to their banking information.

15.4.3 Holdback and Final Payment

The Centre will retain a certain percentage of the available Centre Funds until the receipt of the final technical report and final financial report described respectively in Part 3 - Schedule of Project Milestones and in Section A16. The actual amount of the final payment will take into account the total actual expenditures of the Project. The actual final payment will be such that the net grant amount administered by the Recipient will not be exceeded.

Additional specific conditions attached to the release of the final payment may be present in Part 3 - Schedule of Project Milestones and Part 4 – Project Budget.

A15.5. Submission and Format of Final Financial Report

The final financial report shall be prepared and submitted in the same manner as the interim financial reports with the exception of the forecast of expenditures and will serve as a request for final payment.

A16. Technical Reports

All technical reports are to be prepared jointly by the Recipient/Institution conducting Work and all collaborating institutions or as deemed acceptable by the Centre's contact.

A16.1. Submission and Format of Technical Progress Reports

Part 2

General Terms and Conditions of the Grant Agreement

The Technical Progress Reports shall provide a concise description of the activities that were planned and completed during the period covered by the report, as well as a brief description of administrative aspects. The Technical Progress Reports shall include information on relevant gender indicators. The Technical Progress Reports must also contain sufficient information for Centre staff to determine the progress of the Project as well as its technical success (see http://www.idrc.ca/EN/Funding/Guides_and_Forms/Pages/default.aspx).

The Recipient shall submit its reports to the Centre contact designated in Section 4.1 in accordance with the Schedule of Project Milestones (Part 3 - Schedule of Project Milestones).

A16.2. Review and Acceptance

Within 20 calendar days of receipt of a report, the Centre shall notify the Recipient in writing, of any omissions or clarifications required in the report, in which case any outstanding and dependent payment will be withheld until the report is deemed acceptable.

A16.3. Submission and Format of Final Technical Report

The final technical report that shall be prepared must contain sufficient information detailing the work accomplished — embodying project research findings, project results and outcomes, any direct or indirect gender transformative aspects of the Project, policy recommendations and an acceptable dissemination plan where dissemination did not take place within the scope of the Project — in order to allow Centre staff to determine its technical success.

Guidelines for the preparation of reports are posted on the Centre's website at <https://www.idrc.ca/sites/default/files/sp/Documents%20EN/resources/idrc-guidelines-for-preparing-final-technical-reports.pdf>.

The Recipient must remit the report to the Centre contact designated in Section 4.1 in accordance with Part 3 - Schedule of Project Milestones.

A17. Allowable Expenses

The following sections describe restrictions which are placed upon the payment for the items, goods, or services set forth in the Part 4 - Project Budget.

A17.1. Air Travel

Any air tickets purchased by the Recipient with Centre Funds, directly or indirectly, must be in excursion class or at lower fares. The applicable fare shall be purchased for the most direct and economical routing. The Recipient may reroute or upgrade at the Recipient's own expense.

A17.2. Per Diems for Subsistence

Part 2

General Terms and Conditions of the Grant Agreement

Per diems paid with Centre Funds to team members and other Project participants while on travel shall not exceed the schedule of maximum per diems in force at the Centre. Further information on the applicable rates is available from the Centre contact designated in Section 4.1 of this Agreement.

A17.3. Taxes

Outside of Canada, Centre Funds shall not be used to pay any other form of direct or indirect taxation except where:

- a) consumption-based taxes are embedded in the cost of small goods (supplies, stationary, gas, fuel, petrol, etc.) and services (restaurant and hotel meals, consultants, printing and reproduction, etc.) which are locally procured by the Recipient;
- b) it is more economical to purchase local goods and equipment with the embedded duty and custom taxes than to purchase goods abroad and in addition pay for shipping, insurance, duty and taxes (this provision is not meant to be invoked to circumvent the work involved in getting the tax or duty exemption, where either the Centre or the Recipient is entitled to one and it would cost less to do so);
- c) local taxes cover the cost of utilities (water, sewage, garbage pick-up and other essential municipal services); and
- d) taxes are part of the cost of employment and payable over and above basic salaries (e.g. payroll taxes; employer's contributions to public health care, social security, public pension schemes, etc.).

The Centre will reimburse the Recipient for any applicable Canadian federal or provincial taxes on expenses paid with Centre Funds only if the Recipient has already claimed from the authorities a reimbursement of its input taxes. The Centre will only pay for the net tax.

After the last financial report has been submitted by the Recipient and final payment made by the Centre, all Canadian and other taxes due are the responsibility of the Recipient, and the Recipient will be liable for any tax owing.

Reimbursable taxes are deemed to be budgeted in the line items to which they apply and need not be separated.

A17.4. Project Indirect Costs

The Centre does not allow the recovery of overhead on its grants. It does however allow the recovery of reasonable indirect costs incurred in the conduct of the Work and in the administration of the Centre Funds. Indirect costs can include but are not limited to the following:

- a) salaries and benefits of personnel which support and administer the Project, such as secretaries, clerks, accountants, etc.;
- b) stationery and other office supplies;

Part 2

General Terms and Conditions of the Grant Agreement

- c) telecommunication cost (unless the nature of the Work has warranted a specific budget line item for that purpose — see Part 4 – Grant Budget); and
- d) computer equipment used for the administration or accounting of the Centre Fund disbursements.

The Recipient shall keep track of its indirect cost charges in order to satisfy the requirements of any possible audit in accordance with Section A18.

Where the Recipient has a policy of recovering its indirect costs through the application of a percentage, it shall be able to satisfy the Centre or its designated auditors that the levy is fair and reasonable, and the Centre shall only allow recovery of indirect costs as a percentage of actual expenditures.

In any event the Centre shall only pay indirect costs up to 13% of the recipient-administered grant value, including the indirect costs of any Sub-recipients, but excluding the amount of the indirect costs themselves.

A18. Centre Review

A18.1. Where the Recipient is a Government Ministry, Department or Institution

Where the Recipient is a government ministry, department or institution such Recipient agrees that, if the Centre so requests, financial reports will be supported by original (or certified copies of) invoices or other documents verifying the transaction.

Such Recipient agrees, if the Centre so requests, to give the Centre reasonable access to all Project records (excluding information regarding *Subjects of Research*) including pertinent financial records relating to the Project to permit the Centre to verify all pertinent financial records and compliance with the terms and conditions of this Agreement in the use of Centre Funds. Such Recipient shall maintain such records for a period of two years after the Contract Completion Date.

A18.2. All Other Recipients
